

MEETING THE FRAMEWORKS

with

Project WILD activities meet learners' needs through correlations to Mississippi's Cross-curricular K-12 state education standards.

Angel Rohnke, MMNS 2148 Riverside Drive Jackson, MS 601-354-7303 www.msnaturalscience.org

Introduction

In order to meet the needs of Mississippi educators, the correlations of the Project WILD K-12 curriculum guide has been developed for the current Mississippi Science, Math and Language Arts Frameworks.

The Frameworks provide set criteria that can measure the quality of education. The correlations document allows educators to identify which of the frameworks are addressed by each Project WILD activity in the curriculum guide.

Correlations for Science, Math and Language Arts

Developed by: Ms. Angela Mulkana

Margaret Pope, Ph.D.

Mississippi State University

These correlations were developed for the Mississippi Museum of Natural Science, a bureau of the Mississippi Department of Wildlife, Fisheries and Parks.
