

MISSISSIPPI MUSEUM OF NATURAL SCIENCE PROGRAMS FOR

GIRL SCOUTS

GREEN LEARNING PETAL

DAISY GIRL SCOUTS

“Use Resources Wisely”

Join us for a five senses hike on the Museum’s nature trail.
Learn about our native plants and what they do for wildlife.

NATURALIST BADGE

BROWNIE GIRL SCOUTS

Bugs!

Go on a bug hunt with one of our naturalists.
Learn about the important role of bugs in our ecosystem.

JUNIOR GIRL SCOUTS

Flowers!

Take a hike on the Museum trails
to learn about native flowers and their
historic uses as food and medicine.

CADETTE GIRL SCOUTS

Trees!

Build-a-tree with your troop
to learn a tree’s anatomy—and then take a
quick hike on the Museum’s “green” trail.

HELPFUL HINTS:

1

If you plan on a snack time for your group, you may enjoy using the Museum’s pavilion. Plan to arrive early enough so that you can finish your snack and be ready for your program by 4:00PM.

2

Your program begins promptly at 4:00PM, unless an earlier program time is requested. The sooner we get going, the sooner the fun can start!

3

Please silence your cell phones for the duration of the program.

4

Commit to the full hour of your program. The more time we have with you, the more wonderful things we can explore together.
