

FISHING RODEO SCHEDULE

Anglers 15 and younger are invited to youth fishing rodeos across the state. These events are free and provide a good opportunity for young anglers to fish a lake that is well-stocked with catfish, which are typically easy to catch. Participants are encouraged to bring their own fishing gear, catfish bait, and stringers. Families are invited to come enjoy quality time together in a safe environment.

NOTE: Schedule is subject to change. Please check www.mdwfp.com before going.
