

MAGNOLIA WHITE-TAILED DEER RECORDS PROGRAM

SCORING SESSION CONFIRMATION

Thank you for your interest in hosting a Magnolia Records Scoring Session at your upcoming event. We are very excited about the program and have already received numerous entries, most of which can be found on the MS Department of Wildlife, Fisheries and Parks' web site. The address is www.mdwfp.com.

Listed below are several items we ask the host of the scoring session to provide. Please review this list, sign and return it in the enclosed self-addressed envelope provided. Once it is received in our office the person who will be in charge of your scoring session will call you or the contact you list to make arrangements. **This request must be received in our office at least three to four weeks prior to the event.**

- Host of the event must provide a location (heated and/or cooled) away from the public for scoring purposes no less than 800 sq. ft. of unobstructed space.
- Host must provide a minimum of six tables and chairs.
- Host must provide to all scorers any meals during which they are required to work.
- Host must provide to all scorers accommodations should they be held overnight for scoring purposes.
- Host must provide all publicity for the event.
- Host must provide a minimum of three to five volunteers to help scorers during the scoring event.
- Host must provide any ribbons or awards should the event call for them. Host will also be responsible for presenting and/or hanging any awards the event decides to give. The Magnolia Records Program will only provide a score and a Certificate of Participation to all entrants. However, no entrant will be entered into the Magnolia Records Program unless they have met the minimum requirements of 125 Typical and 155 Non-Typical.
- Host must work closely with MRP representative to arrange a reasonable window of time in which to collect deer. Preferably, the window will be no greater than three hours and will be early in the day. By adhering to this procedure the scorers will be able to score the deer in a reasonable amount of time and will not be held overnight.
- Host must make sure that the window allotted for accepting deer is arranged so that MRP personnel can man it. MRP personnel must have time to train volunteers on how to take deer in to be scored.
